Bourne and Tributary - Lisa Tawn Bergren

Her novella of Bourne was ok. I finished it to the end and the story came out fine in the end. There were some his and lows of this story but it was in the middle for me. After reading the first novella I tried to move onto the second one but I just couldn't quite do it. It seemed like not a worth while effort and I am one who loves to read. There is something about their writing style that just doesn't sync with me as it does with other readers.
