Anthology Of
English Literature
Ninth Edition Vol
1

This anthology has almost everything that an English major could desire to read of British literature from the 18th to 20th century. I think the editors at Norton did a very good job of choosing what to include in this volume. Everything you'd expect to see is here (Wordsworth, Tennyson, Wilde, Shelley, etc.) and some additional lesser-known

In my opinion, the Norton Anthology is very helpful. I bought it for my English studies and I am very happy with it because it covers many things of my reading list.

Additionally, it is cheaper than buying every single text.

Therefore, I can really

Anthology of English Literature contains a variety of texts, it can be confusing to cite it in your essay. You need to cite not only the anthology itself, but also the specific text from which you are drawing the information. However, both MLA and APA formats have rules for citing anthologies in-text and in your bibliography.

English Literature ...

Norton has put together a lovely collection of English literature in this massive volume. I needed this anthology for a class, but I knew I'd want all that classic literature around so I bought a used copy instead of renting. It weighs a solid ton, but is worth the exercise involved. :D
